

Liquid Iron

Increase Your Iron, B12 and Folic Acid Levels

Tired? Pale Skin?
Low Energy?
Numbness?

Iron + B12 + Folic Acid for:

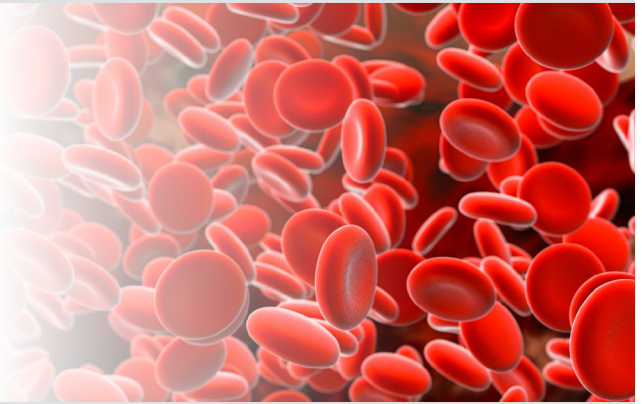

- ▶ Anemia
- ▶ Iron deficiency
- ▶ Boost energy levels
- ▶ Red blood cell production

Liquid Iron

Biomed's Liquid Iron is a complete iron, B12 and folic acid formula, containing ferric ammonium citrate, a non-constipating citrate form of iron. This combination is ideal to improve energy, maintain healthy physiological iron stores, address iron, B12, folic acid deficiencies, and support red blood cell formation and production.

Full Spectrum
Support for
Blood & Energy!

Iron, B12 and folic acid are essential for keeping the body functioning at its best.

Deficiencies in iron, B12 and folic acid can result in:

- anemia
- brittle hair
- digestive disturbances
- fatigue
- weakness
- numbness
- dizziness and tinnitus
- hair loss
- pallor
- mouth and tongue pain
- fragile bones
- neurological problems
- memory loss
- depression
- sleep disturbances
- diminished immune function

Biomed's Liquid Iron is optimal to help your patients regain their energy, and prevent anemia and iron, B12 or folic acid deficiency. This is a suitable formula for vegetarians/vegans, females in menstrual years, pregnant and nursing mothers, and the elderly.

Features:

- ▶ Great tasting!
- ▶ Naturally sweet vanilla flavour
- ▶ Non-constipating!
- ▶ Complete RBC formula
- ▶ No pills to swallow

Great tasting with a naturally sweet vanilla flavour.

Medicinal ingredients: Each teaspoon (5 ml) contains:

Iron (Ferric ammonium citrate) 20 mg
Folate (Folic acid) 440 mcg
Vitamin B12 (Cyanocobalamin) 110 mcg

Non-medicinal ingredients: Filtered water, glycerine, vanilla flavour, caramel flavour, stevia, potassium sorbate, sodium benzoate.

Recommended dose (adult): Take one teaspoon a day with food or as directed by a healthcare practitioner.

Caution/Warnings: Keep out of reach of children. There is enough iron in the package to seriously harm a child.

Only available from health care professionals.
