- insect bites
- rashes, itchy skin, allergic reactions
- burns, sunburns
- ulcers and wound healing
- bacterial infections, inflammation, cellulitis

What is Luvos® Healing Mineral Earth?

Known in Germany as "Healing Earth", Luvos® is a 100% pure natural mineral powder mined from mineral rich glacial deposits. With over 100 years of clinical success as a medicinal clay, Luvos® powder promotes healthy radiant skin through face masks, compresses, body wraps, and poultices!

How Does Luvos® Work?

This ultra-fine powder acts like a 'sponge' to bind toxins, impurities, and bacteria. When Luvos® powder dries on the skin, it stimulates blood flow to the area, promotes excretion of harmful toxins to be through the pores, reduces oxidative and free radicle damage, and supplies the dermal cells with increased oxygen and nutrients.^{1,2,3}

Luvos® Powder

Medicinal Ingredients:

Luvos® mineral earth clay powder (100%).

Recommended use: Luvos® mineral earth clay powder is ideal for facial masks, compresses, body wraps and poultices, and can be used for:

- Skin rashes and itchy skin
- Burns and sunburns
- Bruises
- Oily skin
- Insect bites
- Allergic skin reactions and more

Preparation: Mix Luvos® earth mineral powder with water to the desired consistency. Apply to the face, affected area or compress, and let the paste dry. Then rinse off with warm water.
